Bringing The Gap Between Great Companies & Quality Individuals

Kupplin Worldwide LLC is a rapidly growing healthcare IT & clinical consulting firm based in Long Beach, California and is the healthcare branch of its parent company, SOAL Technologies. As an established company, SOAL Technologies is rated the #1 IT Recruiting firm in Austin, TX by the *Austin Business Journal*. Kupplin partners with clients by listening to their concerns and helps them to discover the root cause of their pain points. After identifying your goals, cost effective solutions are implemented. With a proven 90% submission to interview and hire ratio, Kupplin stands out above other staffing firms.

THE KUPPLIN ADVANTAGE

With 40+ years of combined experience in health care project management, recruitment, and staffing, our team has an in-depth understanding of client needs from the start of an implementation project, through go-lives, optimization and general staffing obligations.

Our team has perfected the profile process with our success-proven "Client Delivery Document" which hones in on candidate skill sets and position requirements.

Each candidate is fully vetted to ensure that they are the best fit for the role, in experience, background and budget.
